### Hope for Harrison

Hope for Harrison is a nonprofit organization created in honor of Harrison Aldridge, a local child living with Duchenne Muscular Dystrophy. Duchenne is a devastating, debilitating disease that has no cure and no treatment. Hope for Harrison's mission is to help find a cure for and ensure a better life for those affected by neuromuscular disorders. As we grow, our services will expand to assistance with costs associated with home modifications or other expenses to ensure the person living with a neuromuscular disease can continue to live a full and meaningful life.
